Dr. Edgerton is but one among the many physicians who have publicly, endorsed Palne's celery compound. Such mean as Dr., J. H. Hanaford, the well-khown medical an hority and lavestigator, Abraham Livezey, M. D., who is editor of several medical journals, and Dr. A. W. K. They have no healtancy in calling it the best spring medicine in the world, for superior to sarsaparillas, nervines, bitters, or any ordinary remedy.

A fire alarm was rung yesterday after noon between 1 and 2 o'clock at South Brewer for a grass and bush fire on the Green Point road. Eclipse Hook and Ladder Company proceeded to the scene of the blaze, and found it burning quite priskly. By the firemen's efforts and those of others who were there it was finally subdued. It is now about the time that it was expected that the body of James M. As there is no positive assurance that the remains are near, the spot where the accident occurred, it is of course impossible to tell whether they will ever be seen.
